

1. A review for you

Conveniently located on the outskirts of Town, with no parking problems, the Day Salon is a gem of a find. Run by the friendly and unflappable Racheal, the salon provides a tranquil, calm environment and a wide variety of treatments from the usual waxing, tinting and manicures to a vast selection of facial and body treatments. A wide range of products are stocked, including Elemis and Clarins, which are widely used in the treatments on offer and all the very friendly staff, who attend regular training updates both on island and in the UK, are very knowledgeable on the products sold and which would be best for you.

Whether is a day of blissful pampering or a quick treatment fitted in your lunch hour, the Day Salon is definitely the place to go.

Sue

2. I have been going to the Day Salon regularly for nearly two years now for electrolysis mainly and the ladies are fantastic at what they do. The beauticians are so friendly and it is a lovely, relaxing environment to enjoy your treatment. I would and have recommended them to friends and family 😊 top salon 😊

Anni

3. I have been a customer of the Day Salon for years and have always been made to feel special whether it is a 5 minute treatment or 5 hours.

All the therapist are knowledgeable and professional in the advice they give for treatments they provide or the products on offer, but at the same time will only offer if the product or treatment is right for you.

I would highly recommend the Day Salon.

Alison

4. I've been going to the Day Salon for years & wouldn't go anywhere else!

The staff are friendly, professional & very knowledgeable. Their range of products is brilliant.

I work shift work & they are always able to fit me in for treatments or at short notice.

I always feel revived after a visit to the day salon, can't recommend enough!

Fran

5. I am a regular visitor at the day salon. From essential waxing to luxurious facials I highly recommend. All the girls are lovely and the products lovely. All very reasonably priced.

Rachel

6. Warming and friendly environment...high quality treats and reasonable prices...could not recommend the staff and treats here more.
